We Make Life Easier

Experts agree, individuals who remain in their home age more slowly, are happier, enjoy a better quality of life, and have fewer medical expenses. Yet, too often, individuals like yourself or your loved ones who can afford to continue to enjoy their home indefinitely, find themselves in an assisted living or managed care facility. We can help.

Let Good Hands Community Care help you or your loved one remain at home. We are a premier provider of private-duty home care services for people of all ages – licensed by the State of Tennessee Department of Mental Health and Disabilities. We can

Reliable Care You Can Trust

help make life easier for seniors, individuals with developmental disabilities or mental illness all within the comfort of their own home.

Our personal care aides, certified nursing assistants and home companions are available 24 hours a day, 365 days a year. We can provide services for as little as a few hours a week to around the clock in any setting you call home – a private residence, a skilled-nursing facility or an assisted or independent-living community. We provide personal care, homemaking, companionship and family respite services. Our professional caregivers are experienced, compassionate, reliable and have a passion for caring for others. Get Started Today!

1. Initial Phone Call

Our intake staff is prepared to take information about your needs and answer your questions. Once we understand

your situation, we will discuss options available, describe our services and schedule a no-cost, no-obligation in-home visit to conduct a more thorough needs assessment.

2. In-Home Visit

We offer families the opportunity to get to know us better during an in-home visit with one of our staff members. We will further evaluate the needs of your loved one, create a Plan of Care, perform home safety checks and discuss cost and available funding options.

3. Caregiver Selection

We want your home care experience to be successful. Key to that success is the development of a trusting relationship between your loved one and their caregiver. We carefully match your loved one with a caregiver that best matches their personality and needs.

4. Follow-Up

We will call you or your loved one regularly the first month and once every month thereafter. Also we will perform in-home supervisory visits of our caregivers and reassessments of your loved one to ensure their needs are being met.
